

FROM OUR PASTORAL STAFF

With the coming of the Year, we frequently say "I hope this year will be better than last year!" And each of us may have something in mind that will make this New Year better mending a broken relationship, getting physically fit, loosing weight, stopping smoking, getting a better job, having a more peaceful home, etc, etc. And so we make New Year's resolutions. Starting today things will be different! And by next week we may already be saying—well, maybe next year will be better! Still, the New Year brings us hope and promise! Hope that maybe we can change one thing to become a better person. Promise that the Lord is with us every step along the way—supporting, encouraging and leading us to be full, mature human beings. As a parish community we will be offering two opportunities in the next few months to help us become all the Lord calls us to be. Disciples in Mission will be our thrust during the Lenten season which will call us to reflect on how we can reach out and invite others into our community that we might share the love we have received with others. The second will be our Parish Mission in March which will invite us to reflect on our spirituality. Please watch the bulletin or further details and live the hope and promise of this New Year..

*Happy New Year

PRAYER NETWORK HOTLINE

Call and leave a short message regarding your request. Let us know when your request has been answered, we can offer prayers of thanksgiving.

Each Sunday during the season of Advent we lit one candle to symbolize our anticipation of Christ's coming into our lives. Today we begin lighting the remaining candles—symbolizing that we have received the light of Christ and are now called to carry that light into our world. As we celebrate the New Year we offer our prayer of gratitude for the light and love that God has placed into our hearts throughout this Christmas Season. On this day devoted to peace in our hearts and our world we pray that we might experience the fullness of peace promised by the Christ Child. We experience that peace by becoming peacemakers in our homes, our families, our neighborhoods and our world. May the words of the song: Let there be Peace on Earth echo in our minds today and throughout this year: "Let there be peace on earth and let it begin with me!"
